# Mamiya 645AF

Quick Guide

To get the most from your Mamiya 645AF,
please refer to the instruction book for complete operating details.

Basic Functions

(A) Film Handling
Rotate pressure plate for 120 or 220 film.
The roll-film holder will automatically detect film frame No. 1 from any position up to and including the Start Mark.

(B) Set ISO on Film Magazine

1. Hold "Up" Arrow Button	"ISO" blinks
2. Press Up or Down Arrow	Change ISO to desired setting
3. ISO stops blinking	ISO is set

(C) Set Metering Mode
Using the Exposure Metering Mode Selector Lever, choose "A" for Average, "S" for Spot, or "A-S AUTO" for Average/Spot Auto Switching.

(D) Set Auto Focus Function
Using the Focus Mode Selector Lever, choose "S" for Single Focus, "C" for Continuous Focus, or "M" for Manual.

(E) Set Shutter Release Mode
Using the Shutter Release Mode Selector, choose "S" to advance film one frame at a time (Single-Frame Mode), choose "C" to take photographs continuously as long as the shutter release button is pressed. (Continuous Mode)
